**Cory Drake** I have 2 tattoos from them already!!! Awesome artists and great guys!! AND STERILE!!!! everyone that doesn't know any better thinks that it would be different cause of it being a 3rd world country but all tattoo supplies come from Canada and they are very clean!!! Can't wait to get another one!!!<sup>100</sup>

[Adam Temple](#) I recommend Varadero Ink Masters. They are on Calle 42 between 1st ave and playa ave. Great shop. They also have a Facebook page as well. My wife and I got tattoos there last Friday. Their shop is very clean and they are very professional and talented
